## Acupuncture Supplies:

You will need an Acupuncture Supply Kit to participate in the hands-on learning portion of each weekend. **Acupuncture Supply Kits should be brought to class each weekend, beginning with weekend #2.** Your kit, which contains all the acupuncture supplies needed to practice the techniques taught in our program, will also serve you for practice outside of class, as state regulations permit, and as a starter kit when beginning to practice acupuncture. Kits are described below.

The easiest (and likely least expensive \$200) way to get all the acupuncture supplies you'll need for the program, is to order a kit from us: <http://acupracticeseminars.com/seminars-supplies/>
